ABOUT MANNATECH

A PASSION FOR PEOPLE, WELLNESS AND OPPORTUNITY

People all over the world have benefited from using and sharing Mannatech's life-changing products for over 20 years. Backed by rigid scientific study, exclusive ingredients and our unwavering commitment to quality, our products come with a worry-free 90-day money-back guarantee. Plus, our unique social model provides vital nutrition to malnourished children in need with every purchase. You'll see and feel the difference you can make with Mannatech.

Science That Transforms

Your body has trillions of cells that communicate with one another. When cells don't receive proper nutrition, whether from age, diet or other environmental factors, they don't communicate well. But with the right kind of nutrition, such as the naturally-sourced and Glyconutrient-rich products created by Mannatech, your body can perform at its optimal best and do amazing things! How do we know? Mannatech is the pioneer of groundbreaking Glyconutrient technology that's revolutionizing nutrition, immune health, weight loss, skincare and more.

Glyconutrients support cell-to-cell communication through a blend of specific plant saccharides. Studies have shown that Glyconutrients are often inadequate in typical modern diets, so it's important to receive them from other sources, like many of our products.

GLYCONUTRITIONAL TIMELINE

- 1953** Atomic Energy Commission scientists demonstrate for the first time the ability of topical fresh aloe vera gel to protect animals' skin.
- 1983** First biologically active polysaccharide from aloe vera gel (Manapol® and acemannan) discovered. More than 150 patents are granted worldwide on the stabilization and uses of this discovery.
- 1991** Injectable polysaccharide from aloe vera gel (Acemannan Immunostimulant) is approved by the USDA for use in cats and dogs.
- 1994** Mannatech negotiates exclusive distribution rights to Manapol and launches company with nutrition industry's first stabilized aloe vera gel dietary supplement.
- 1996** Mannatech files patents on the world's first composition of Glyconutrients and introduces Ambrotose® Complex.
- 1998–** Mannatech is issued more than 50 patents worldwide for technology related to Ambrotose Complex.
- 2002–** Ambrotose Complex approved claims expand to include improved memory, cognition and visual discrimination as well as positive prebiotic effects.
- 2011** Definitive proof! Dr. Azita Alavi and colleagues publish study in the European Journal of Clinical Nutrition showing for the first time that the oral intake of Ambrotose powder can have a significant impact on the glycosylation status of serum glycoproteins with no adverse effects.
- 2012** L'Oreal launches its first product using Glyconutrients. Product was found to be "the most ground-breaking in establishing how to reverse the signs of aging" by BBC investigator and plastic surgeon Dr. Rozina Ali.
- 2013** Mannatech launches Uth™ Skin Rejuvenation Crème, the first product in its line of skincare treatments.
- 2013** Mannatech launches the Mission 5 Million® (M5M®) movement.
- 2014** A preliminary randomized, double-blind, placebo-controlled human clinical trial showed that intake of a single serving of Ambrotose complex powder can improve memory in mentally fatigued middle-aged subjects.
- 2015** Mannatech registers its 100th patent.
- 2016** Mannatech expands operations to its 25th country.
- 2017** Mannatech secures agreements with its suppliers of Manapol® and AmbroGuard™ securing the proprietary formula for Ambrotose products.
- 2018** Mannatech Launches Ambrotose LIFE®; the most powerful Ambrotose formula to date.

Stay Healthy with Automatic Orders!

It's easier than ever to regularly receive our life-changing products and at the lowest possible prices every month. Simply set up a monthly Automatic Order (AO)!

Benefits of our Automatic Order program:

- Never run out of your favorite Mannatech products
- Earn Loyalty Points with every Automatic Order

The Mannatech Loyalty Points Program

With every purchase made on Automatic Order, you earn Loyalty Points. One Loyalty Point equals 1 Rand toward the purchase of Mannatech products.** After three consecutive months of Automatic Orders, you can redeem accrued Loyalty Points for Mannatech products.

Mannatech Associates can enjoy increasing Loyalty Points†:

- Months 1-3 earn Loyalty Points equal to 10% of your order (example: R1000 = 100 Loyalty Points)
- Months 4-6 earn Loyalty Points equal to 15% of your order (example: R1000 = 150 Loyalty Points)
- Months 7 and beyond earn Loyalty Points equal to 20% of your order (example: R1000 = 200 Loyalty Points)

Preferred Customers accrue a maximum of 10% Loyalty Points per month. Loyalty Program FAQs can be found at library.mannatech.com/9014

Get Your Automatic Order Started Today!

If you don't have products on Automatic Order, login to Mannatech.com and create your Automatic Order today. Or call us at 011 615 0188 (ZA) or 0800 981 117 (U.S.) (after 4pm SAST) and we'll help you set it up in just a few quick minutes. Start earning your Loyalty Points today!

**Points are not redeemable for cash.

†If the Associate cancels their AO, their next AO will return to 10% and the tiered process will start over again.

Points previously accumulated can still be redeemed.

Loyalty Points are not the equivalent of cash and may only be used for product and expire one year after the earn date.

Amounts shown are based on Associate and Preferred Customer prices.

INTEGRATIVE HEALTH

Focus on your overall wellness with natural and plant-sourced products that contain specialised nutrients that supplement the body, mind and spirit to help keep you healthy.

Manapol®

SUPERIOR BENEFITS WITH EXCLUSIVE ALOE

Manapol is 100% aloe vera gel power that is harvested from plants grown in volcanic soil. It is a very rich natural source of Glyconutrients. This means that every time you take Manapol, you're giving your body what it can use to help achieve optimal health.

Includes a standardized amount of the very high molecular weight Acemannan polysaccharides (1-2 million daltons) as defined by the American Chemical Society. We believe Manapol is a more effective glyconutrient source. The special process by which Manapol is harvested and processed may provide for a more potent source of glyconutrients.

Advanced Ambrotose®

AMAZING THINGS HAPPEN WHEN YOUR CELLS COMMUNICATE

Advanced Ambrotose supports cell-to-cell communication and a healthy immune system with a potent blend of specialised ingredients that can help keep you healthy.

Third-party clinical trials indicate the following benefits for Ambrotose powders:*

- May enhance recall and recognition memory.
- May improve mood and decrease irritability.
- Supports your immune system as well as proper organ function.
- Helps support proper digestive system function.
- Promotes gastrointestinal health.
- Supports cell-to-cell communication through a blend of specific plant saccharides called Glyconutrients.

*Mannatech funded and/or donated the product for these studies.

INTEGRATIVE HEALTH

Ambrotose® Complex

EVERYTHING YOU WANT IN ONE SUPPLEMENT

Immune support? Check. Help for organs and digestion? It's in there. Improved brain function so you can enjoy those memories? Of course. Ambrotose complex is clinically shown to help all of them so you can keep living in good health.

Third-party clinical trials indicate the following benefits for Ambrotose powders:*

- May enhance recall and recognition memory.
- May improve mood and decrease irritability.
- Supports your immune system as well as proper organ function.
- Helps support proper digestive system function.
- Promotes gastrointestinal health.
- Supports cell-to-cell communication through a blend of specific plant saccharides called Glyconutrients.

NutriVerus®

NUTRITION THE WAY YOUR BODY WANTS IT

Bolster your diet with NutriVerus powder, which provides the important vitamins, minerals, antioxidants and Glyconutrients your body craves and fills in where your food falls short.

This whole-food blend:

- Offers antioxidant and immune system support.
- Supports healthy digestion.
- Provides a natural, food-sourced vitamin/mineral complex for maximum absorption.
- Supports cell-to-cell communication through a blend of specific plant saccharides called Glyconutrients.

*Mannatech funded these studies and/or donated the product

PhytoMatrix®

NOURISHMENT WITHOUT THE ROCKS

This may be a shock, but many supplements are made from petrochemicals or minerals extracted from ground up rocks. PhytoMatrix, however, is created with naturally sourced, real-food vitamins and minerals that support the heart, immune system and more to help keep you healthy and alert.

These nutrient-dense caplets:

- Provide a natural, food-sourced vitamin/mineral complex for maximum absorption and digestion.
- Support heart health.
- Offer antioxidant and immune system support.
- Support the production of energy with B vitamins.

Ambrotose AO®

FIGHT BACK AGAINST POLLUTION, TOXINS AND STRESS

Ambrotose AO is loaded with naturally sourced vitamins C and E to protect cells, boost immune support and help the body guard against oxidative stress so you can keep living well. Just two capsules a day are clinically proven to provide over 2 1/2 times more antioxidant protection than five servings of fruits and vegetables.*

These capsules:

- Protect your cells with water- and fat-soluble antioxidants.
- Help the body guard against oxidative stress with antioxidant-rich nutrients.
- Offer additional immune support.
- Provide effective defense against free radicals.

*Comparison of serum ORAC values obtained in two separate clinical studies funded by Mannatech.

Crafted using a blend of organic Arabica beans, Coffeeberry® brand coffee fruit, green coffee and infused with Glyconutrients, GlycoCafé doesn't just give you a delicious boost to get through your morning, it supports wellness for the entire day.

Our delicious GlycoCafé coffee:

- Increased alertness and focus from Arabica beans.
- Better cellular communication because of Glyconutrients.
- Higher concentration of polyphenols and chlorogenic acid than regular coffee.
- A boost of caffeine to wake you up and keep you moving.

TARGETED HEALTH

Give your body an extra edge with these products designed to target specific areas and provide additional nutrients that help support body system health.[†]

[†]Benefits vary by product.

Omega-3 with Vitamin D₃

KEEP YOUR BONES AND HEART STRONG

This mighty supplement provides an abundance of omega-3 fatty acids and vitamin D3 in order to support cardiovascular, bone, brain and immune health—so the only thing you break is barriers.

Omega-3 fatty acids are essential because the body can't produce it—you can only get it from diet or supplements.

Mannatech's Omega-3 with Vitamin D₃:

- Has a pleasant lemon flavour in an easy-to-swallow gel capsule.
- Helps support cardiovascular and heart health.
- Helps support brain health and function.
- Helps maintain a healthy immune system and support a healthy inflammatory response—a key contributor to good health.
- Supports calcium absorption.

ImmunoSTART®

LEND A HAND TO YOUR IMMUNITY

Problems with stress, bad diet and poor sleep habits aren't helping your immune system. Packed full of nutrients, ImmunoSTART tablets help stimulate and support the body's natural immune response to help you live to the fullest.

These tablets:

- Help build, support and nurture immune system health.
- Are engineered with a targeted array of nutrients, including bovine colostrum and lactoferrin, that work to stimulate and support the body's natural immune response.
- Increase plasma levels of neutrophil precursors. (Neutrophils are the most abundant immune cells and form an integral part of the immune system).

Manna-C™

GIVE YOUR HEALTH A BOOST

Stress can weaken your immune system. But Manna-C capsules help support your body's immune response with natural sources of vitamin C, so your health can be one less thing to worry about.

These capsules:

- Are formulated to help support a healthy immune system.
- Include classic Ambrotose complex, along with Wild Bush Plum and Acerola fruit extract, both natural sources of vitamin C.
- Contain an herbal blend with a natural plant source of vitamin C for the maintenance of good health.

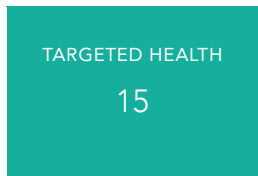

BounceBack®

NATURALLY RECOVER FASTER

Some days you need to be more active without the soreness. BounceBack capsules aid your body's natural recovery process and ease the delayed onset of muscle soreness (DOMS) so you can get back your freedom.

When taken daily, over time, BounceBack capsules can:

- Help reduce muscle pain and stiffness due to overexertion or physical activity.
- Aid the body's natural recovery process.
- Support optimal joint and cartilage health.
- Provide immune system support.
- Deliver antioxidant support.

TARGETED HEALTH

CardioBALANCE®

NOURISH EVERY BEAT OF YOUR HEART

Many of us don't get enough nutrients to keep our heart healthy. CardioBALANCE capsules help maintain blood vessel and cardiovascular health with the proper amount of B6 and B12 vitamins for long-term wellness.

Take care of your ticker with capsules that:

- Provide nourishment for cardiovascular health through vitamins, magnesium and other heart-healthy ingredients.
- Help maintain homocysteine levels that are already within normal range.
- Supply 100% or more of the Daily Value of important nutrients, including vitamin C, vitamin E, vitamin B6, vitamin B12 and folic acid.

GI-ProBalance®

A HAPPY GUT MEANS A HEALTHY IMMUNE SYSTEM

About 70% of your body's immune system is located in the digestive tract. That's why the probiotic blend in GI-ProBalance contains a variety of helpful bacteria that can help support the digestive and immune systems for a happy gut and body.

These specially formulated slimsticks:

- Support a natural balance of good bacteria to maintain healthy digestion.
- May guard against occasional intestinal disturbances and prevent occasional digestive upsets.
- Promote natural immune function.
- Contain 1.5 billion CFU guaranteed at time of expiration.

GI-Zyme®

HELP IMPROVE YOUR DIGESTION

If you have a hard time processing certain foods, GI-Zyme capsules can help improve digestion and nutrient absorption by creating enzymes needed so you'll have a healthy gut.

GI-Zyme is formulated to:

- Help improve digestion.
- Assist in breaking down proteins, fats and carbohydrates.
- Help ensure that the maximum level of nutrient absorption is attained.

MannaCLEANSE™

GET RID OF THAT SLUGGISH FEELING

A sluggish feeling can mean your digestive tract isn't working its best. So help ensure the natural health of your gut with MannaCLEANSE caplets that help support a healthy environment in the intestinal tract so you can feel amazing.

Our MannaCLEANSE caplets are designed to help the body's lower digestive tract by:

- Supporting the natural ecology of the intestines.
- Supporting the body's abilities to fully break down food particles.
- Furnishing the intestinal tract with classic Ambrotose complex, fatty acids, digestive enzymes and beneficial microflora.

Phyt•Aloe®

YOU'RE NOT GETTING ENOUGH FRUITS AND VEGETABLES

Eating the recommended 7–10 servings of fruits and veggies each day is tough. But just one serving of Phyt•Aloe includes a formulated blend of 12 dehydrated raw fruits, veggies and Ambrotose complex to help you get closer to your recommended amount every day.

SKINCARE

Find out how naturally beautiful your skin can be with our products that combine the finest natural ingredients with the most advanced technologies for healthy, happy skin.

Uth® Skincare System

YOUTHFUL-LOOKING SKIN IN 3 SIMPLE STEPS

Introducing the perfect fusion of science and nature with a holistic approach to healthy, youthful-looking skin. Cleanse, Revive and Moisturise—three simple steps and a few minutes every day will keep your skin looking and feeling great.

CLEANSE and nourish your skin to restore it to its smooth, youthful appearance.

REVIVE for greater skin luminosity and even skin tone.

MOISTURISE to hydrate and keep the skin supple.

Use these products together to reap the maximum benefits and enhance the age-defying process.

Benefits: Mannatech's skincare technologies are based on some of the finest natural ingredients in the world. High-quality plant-based ingredients have been selected to provide unique moisturising and age-defying benefits.

The best solution to reduce ageing of the skin is to stay away from free-radical producers, use sun protection and eat a healthy diet. However, the use of topical antioxidants and natural moisturisers, such as those found in this system, can help protect the skin from free radicals and minimise signs of ageing.*

*In eight-week clinical trials of Uth Rejuvenation Crème conducted by Thomas J. Stephens & Associates, participants saw a reduction in the appearance of fine lines and wrinkles and an improvement in the evenness of the skin's tone and in its firmness and elasticity.

Uth® Facial Cleanser

Mission 5 Million

Bringing Healthy Lives to Everyone

We want everyone to enjoy happier, healthy lives. So, in addition to developing and producing extraordinary nutritional supplements, we also partner with the M5M® Foundation to provide critical nutritional supplements to children in need.

Help Fight Malnutrition

According to the World Health Organization and UNICEF, roughly 100 million children in developing countries are underweight and over 150 million are malnourished. Undernutrition can hinder brain development, reduce intellectual capacity and stunt growth. Malnutrition impacts the lives of 55 million children at any given moment.

But with every purchase of Mannatech products, you are helping to fight malnutrition around the world. Specifically, for every R1000 spent on Mannatech products, Mannatech makes a monetary donation to the M5M Foundation to purchase a one-month supply of PhytoBlend™ powder for a child in need. PhytoBlend powder contains plant-based vitamins and minerals that are particularly important for developing children. The powder can easily be mixed into a variety of foods such as soups, rice and porridge, which makes it ideal for providing key nutritional supplementation to large groups of children.

Making a Difference

Between 2009 and 2017, Mannatech generated over 122 million servings of nutritional support for malnourished children. Your purchases will help us increase the number of children we can help.

For every R1000 spent on Mannatech products, a one-month supply of PhytoBlend powder is donated to help nourish a child in need.
